On a separate piece of paper, please give a thorough answer to the following questions. Our board of Directors will use this information to select applicants for residency.

- 1) Briefly describe your relationship with God.
  
- 2) Indicate why you want to live at Gatehouse. This is important; please give this some serious thought before answering.
  
- 3) Give a brief description of your experience overseas. Include, but don't limit yourself to, the following information – when, where (multiple locations?), how long, boarding school or home schooled, etc. Express something of the value you place on your experience.
  
- 4) How do you feel about living in the U.S.? Be honest here... we want to know how comfortable you are (or think you will be) in this culture and how much you need what Gatehouse tries to offer as a safe place to be a bit clueless and to make a sometimes difficult transition.
  
- 5) Please write something about your family and your parents' work. In which country are they presently working? Have they served in other countries? Are they presently overseas? If not, will they be going back and when? If yes, what duties are they engaged in? When was the last time you saw them? When do you expect to see them again? Do you have siblings living overseas? Do you have siblings living in the U.S.?
  
- 6) Anything else you want to tell us? Here's your opportunity!

# Covenant Agreement

Gatehouse Ministries, Inc. is a home away from home dedicated to helping MKs adjust to life in North America, especially for those whose parents are still working overseas. Gatehouse exists for people who are “between cultures” and are facing a form of culture shock and adjustment to college life in the U.S. Gatehouse is an independent non-profit ministry supported completely by private donations.

Gatehouse is much more than a dorm. The primary purpose of Gatehouse is “to provide a nurturing environment of challenge, growth and potential for college-age MKs”. We are here help with “nuts and bolts” stuff like getting a driver’s license or a car, getting a job, figuring out what to do over the summer, registering to vote, filling out income tax forms etc. – stuff you may not know how to do yet because you grew up overseas! We celebrate birthdays and holidays together; we do a monthly excursions, water day at the lake, an occasional game night and other events at the house. All of this is part of living at Gatehouse and each resident is expected to participate. There are house parents who understand some of the extra challenges you may face being a TCK. Also, there are your Gatehouse MK sisters and brothers who are also there to help and support you. In addition to all the benefits of living here you will be expected to do the following things, which typically amounts to around 5 hours per week commitment:

- Help with dinner prep or dinner cleanup, usually 2 or 3 times per week. In other words - not every night. We only serve a “family dinner” Monday through Friday and the rest of the time you are on your own with full access to the pantry, kitchen and refrigerator.
- Participate in a weekly “work hours” to clean the house, mow the lawn and do stuff that needs doing around the house.
- Participate in a weekly 1-hour “house meeting” where we pray and encourage one another – in addition to making plans and solving problems.
- Being involved in some kind of ministry outside of the house on the weekend or during the week... (work in a church, teach SS, tutoring or something else of that nature)
- Attend all the monthly events (usually a 4-6 hour excursion, once per month)..

A secondary purpose of Gatehouse Ministries is to provide a low-cost housing alternative for TKCs thus saving significant college tuition costs.

I \_\_\_\_\_ (fill in name) understand that as a resident of Gatehouse Ministries, Inc. I must adhere to the following criteria:

Accordingly, I will submit a non-refundable deposit of \$300 by May 15<sup>th</sup> that will be credited toward my total fall-semester fee of \$600, the balance of which is due when I move into Gatehouse in August. I understand that \$100 of this fee is a refundable deposit that I will receive upon my departure from Gatehouse, provided I have caused no damage.

- III) I will apply for continued residency each semester. Dates will be announced. I will be willing to meet with the directors at least once a semester for self-evaluations.
